# COMPANY PROFILE

## SYMBIO AUSTRALIA STRIVES TO PROVIDE ITS CUSTOMERS WITH PERFORMANCE DRIVEN CLEANING PRODUCTS AND FRIENDLY, EFFICIENT PERSONAL SERVICE

Established in 1975 Symbio Australia's name is associated with years of dedication to the manufacturing of high quality hygiene systems. Product excellence and customer care are priority.

Symbio Australia has established markets in Queensland, New South Wales, Victoria and the Northern Territory with a reputation for excellence and exceeding customer satisfaction.

Rapid growth has positioned the company as a respected manufacturer to the cleaning industry. Innovative, intensive research and development has enabled Symbio Australia to compete and grow in a highly competitive market.

Symbio Australia's product range has grown to include a wide range of cleaning and maintenance products across multiple industries.

Symbio Australia is a 100% Australian owned and operated company and is ISO9001 registered in order to maintain a recognised standard of quality.

Equipping ourselves with the latest technology we are confident in our ability to:

- Provide our customers with quality products that are performance driven and adhere to relevant environmental legislation.
- Develop and motivate staff to provide friendly efficient and personal service to our customers.

## FEATURES OF THE GO GREEN RANGE

- All products are readily Bio-Degradable – chemical will not persist indefinitely in our environment.
- Are made from ingredients that meet Australian & International standards for biodegradability and environmental management standards.
- A commitment to using organic and renewable plant resources rather than oil based ingredients.
- All products are safe to be used in conjunction with septic tank systems, Bio-Cycle systems and are safe for our waterways.
- Our GO GREEN range is the best choice for the environmentally responsible consumer.

## DEW

### TOTAL BATHROOM CLEANER

Go Green Dew is a heavy duty cleaner for use on all surfaces in the bathroom area such as shower screens, tiles, fibreglass, toilets, sinks, urinals and tiled surfaces. Provides hygienic conditions in the washroom area. Used through a bottle with flip top squirt cap or a bucket for mopping / scrubbing.

## TROPIC

### LAUNDRY POWDER

Go Green Tropic is designed to remove soils commonly found in textiles such as grease and fats, blood, grass and other stubborn stains. Features a fresh fragrance that leaves your garments smelling fantastic and will not adversely effect septic systems. Suitable for all types of machines including front loaders.

## OCEAN

### LAUNDRY SOAKER

Go Green Ocean is a laundry pre-soaking powder used before the main wash cycle to remove stubborn stains and sanitise items in one application. Very effective on food stains and greasy residues. Leaves your whites looking whiter and brighter and your colours looking brilliant.

## ECO

### FOODGRADE CONCENTRATED SANITISER

Go Green Eco is a concentrated sanitiser that provides excellent bactericidal properties. Aimed at harmful bacteria like E-coli and salmonella, no rinsing is necessary when diluted as instructed. Can be used to sanitise benches, walls, equipment parts, utensils, filters and other hard surfaces.

## RAINBOW

### MULTI-PURPOSE CLEANER AND SANITISER

Go Green Rainbow is a powerful spray and wipe and commercial grade sanitiser in one. Rainbow cleans, sanitises and deodorises in one application. Used to remove soils from walls, fixtures, benches and floors.

## SUNRAY

### WINDOW / GLASS / STAINLESS STEEL CLEANER

Go Green Sunray provides a brilliant crystal appearance on all glass, enamel, plastic laminate, porcelain chrome plated and stainless steel surfaces. Dries streak free and leaves a protective dirt-resistant film to help prevent re-soiling, also suitable for washroom areas e.g. mirrors and fixtures.

## EVOLVE

### MULTI-PURPOSE NEUTRAL CLEANER

Go Green Evolve is designed to clean and help preserve the life and durability of any sealer finish applied to floors and can also be used as a general purpose spray and wipe cleaner. Can effectively clean any polished or non-polished floor. Evolve may be applied by mop and bucket or by an automatic scrubber.

## ENZYMATIC

### ODOUR NEUTRALISER

Enzymatic is an organic product manufactured from a complex blend of fermented carbohydrates and other plant derived substances. Enzymatic reduces offensive odours arising from the decomposition of greases, fats and other animal and plant material. Enzymatic works by enhancing the activity of micro-organisms naturally present in animal and plant residues.

## WAVE

### AUTOMATIC DISHWASH DETERGENT

Go Green Wave is a premium concentrated liquid detergent designed for use in dishwashing machines fitted with an automatic chemical dispenser. Wave will dissolve grease, grime and food residue leaving your items sparkling clean. Compatible with all dishwasher types.

## RAIN

### AUTOMATIC DISHWASHING RINSE AID

Go Green Rain is designed for use in dishwashing machines fitted with an automatic chemical dispenser. Aids in the drying process of machine washed articles to leave free from water marks, spots and streaks. Compatible with all dishwasher types.

## COVE

### GLASSWASHING DETERGENT

Go Green Cove is designed to be used in commercial style glasswashers and light duty dishwashers for the washing of glassware, crockery, cutlery and utensils. Cove is also safe to use on polycarbonate items. Compatible with all glasswasher types.

## SUNSET

### MANUAL DISHWASHING LIQUID AND GENERAL PURPOSE DETERGENT

Go Green Sunset is designed to dissolve the toughest grease and grime found in busy kitchens, will leave your crockery, cutlery and cookware sparkling clean. Can also be used to wash down benches, walls and equipment. Can be prepared in sinks or buckets.

## DAINTREE

### FLOOR CLEANER AND DEGREASER

Go Green Daintree is a versatile cleaner designed to dissolve grease, grime, oils and other heavy soils. Does not contain fragrance that could potentially contaminate food products. Primarily used to clean floors and can also be used on benches, walls, rangehoods and other hard surfaces. Used in spray bottles or buckets for mopping/scrubbing.

## AMAZON

### OVEN AND GRILLPLATE CLEANER

Go Green Amazon is a non-caustic solution designed to dissolve the toughest grease, grime, fat and carbonised deposits found in ovens, hotplates, rangehoods, deep fryers and other heavy duty cooking equipment. Safe to use on stainless steel equipment. Can be prepared into bottles with a flip cap or spray trigger.
